And when we hurt,
We can just smile and bear it
'Coz we were born
to serve and be...

President's Message

Dear Centro Ladies,

We are a few months into the rotary year. Today marks the governor's visit and induction, one of the event highlights of a club for the year. As we start our Rotarian Year with our new set of officers, I hope that we all be reminded that not only leaders, but all members as well, are important in the achievement of our goals and objectives of being a true ROTARIAN. Just like what Mother Teresa said, "It's not how much we give, but how much love we put into giving".

Preparations are on the way for several projects and everybody's participation is needed to make these projects a success.

As we work to create light for others, we naturally light our own way -- that is truly Rotary Serving Humanity.

Yours in Rotary,

On being a Rotarian

What does it mean to be a Rotarian?

When I joined the Rotary Club of Sta. Rosa Centro three years ago, I didn't even do preliminary research on what it is or what it stands for. I joined simply because of a friend's prodding.

So now I know that it is about "service above self". After 3 years into the organization, I asked myself, have I learned the ways of being a rotarian? It is the sort of question a Rotarian should ask.

My answer to the question on whether I have lived the motto of "service above self" would not have been a resounding Yes, but a tentative one as I have not done anything huge for the community. There are a few things I did to help but honestly, these are things which I might not have never accomplished alone.

But putting the motto into a different perspective, it could also mean maintaining high ethical standards in one's business, one's profession, and in one's personal life. That I can answer with a resounding Yes, I did. If this was the only criteria for being a good rotarian, then I can readily say that being a rotarian is my way of life.

Being a Rotarian also means having the opportunity to experience the warm fellowship of a Rotary Club and I have experienced that too. An introvert like me would have found this difficult but I have a few times, joined fellowships.

Three years is probably too short to make a conclusion on how effective one has been as a rotarian, for my case at least. At the end of the day, what matters is to enjoy and benefit from all that Rotary has to offer.

"One Cannot Achieve the Pinnacles of Service unless one experiences the Miracles of Friendship."

"Our success or failure will not depend upon the machinery of Rotary or its physical growth, but upon the extent to which Rotary's ideals or objectives are translated into positive, tangible results in personal, business, community, and international life. We shall be known by our works." — The Second Quarter Century, THE ROTARIAN, July 1930
