## EDITORIAL

### New beginnings

There will always be a time when a stage comes to an end. Staying longer in one stage makes us lose the opportunity to move on to the next stage which may be a lot better than our present stage. Whether we choose to see an event as an ending or a new beginning is really up to us.

The Rotary Club of Sta. Rosa Centro's induction will be held today, September 28. Defined, an induction is a formal introduction to a new job or position. Great President breathes a sigh of relief and incoming Inspiring President is starting to feel the jitters. But it is both a start and a new beginning to both presidents. IPP Jay may see it as the end of her term but can actually mean the start of more family time. To IP Michelle, it probably is a tense start but it is an end to being "simply" a member and be in control.

We don't need to stress ourselves when we turn a new leaf in our lives. We'd all the more be disappointed if our life has gone at a standstill. We sometimes need to delete photos in our phone or laptop so we can have room for new memories. We sometimes need to stop being who we were because the changes may be who you are now and be surprised that you will fall in love with an upgraded version of you.

## ROTARY INTERNATIONAL News & Updates

### Climb every mountain

*A Rotaractor ventures deep into her native Uganda with a polio vaccination team as part of Rotary's newest virtual reality film, Two Drops of Patience.*

When we first started filming, I was focused on what we were going to shoot. But that changed when I did my first vaccination. I felt like a hero. It was a satisfying feeling, knowing you probably just changed someone's life. I felt I had done something very meaningful. I had prevented somebody from being sick. I had given somebody opportunity. Those two drops felt like a life-changing action.

**Presidential Message**  
**October 2018**

**Barry Rassin**  
**President 2018-19**

Every Thursday morning, I receive an email from the World Health Organization with an update on the status of polio eradication. It contains a wealth of information, country by country: where and how

immunization campaigns are being conducted, how many millions of children are being vaccinated, and where environmental surveillance has found evidence of circulating virus. But every week, when that email appears in my inbox, my heart seems to stop for just a moment until I read the first few lines – and learn whether a child was paralyzed by wild poliovirus that week. That, my friends, is where we are today in the work of polio eradication. The question on my mind as I open that message isn't how many thousands of cases we might see in a year, as we did not too long ago, or even how many hundreds. Instead, when that WHO email arrives every Thursday, the single, binary question it answers is: Was there a new case this week, or wasn't there?

Thirty years ago, 1,000 children were paralyzed by polio every single day. Since then, we've marked our progress, year by year, week by week. We've celebrated as country after country, region after region has been declared polio-free. As we've come closer and closer to our goal, and the number of cases has dropped further and further, the children those numbers reflect have become less and less of an abstraction. When I open that Thursday email, I don't wonder what number I'll see. I wonder, was a child paralyzed this week or not?

We are so close to eradication – but there is so much work left to do.

This month, I ask every Rotary club to help End Polio Now by marking World Polio Day on 24 October. Last year, thousands of Rotary clubs around the world held events to raise awareness and funds for polio eradication. This year, we want to see more World Polio Day events registered than ever. If you have an event planned, be sure to register and promote it at [endpolio.org](http://endpolio.org) so that more people can take part. If you haven't planned one yet, it's not too late – visit [endpolio.org](http://endpolio.org) to find ideas, information on this year's livestream, and resources to help your club organize a successful event.

World Polio Day is a tremendous opportunity for clubs to highlight Rotary, and our historic work to eradicate polio, in their own communities. It is also a great way to take advantage of the challenge from the Bill & Melinda Gates Foundation: For every dollar that Rotary raises for polio eradication, the Gates Foundation will give two more. Join me, and Rotarians everywhere, on 24 October for World Polio Day – and Be the Inspiration for a polio-free world.

**News & Updates****Meet RI PRESIDENT Barry Rassin**  
**President, RY 2018-2019**

Barry Rassin, of the Rotary Club of East Nassau, New Providence, Bahamas, is the selection of the Nominating Committee for President of Rotary International for 2018-19. He will be declared the president-elect on 1 September if no challenging candidates have been suggested.

As president, Rassin aims to strengthen our public image and our use of digital tools to maximize Rotary's reach.

"Those who know what good Rotary clubs do will want to be a part of it, and we must find new models for membership that allow all interested in our mission to participate," he says. "With Rotary more in the public eye, we will attract more individuals who want to be part of and support a membership organization that accomplishes so much good around the world."

Rassin earned an MBA in health and hospital administration from the University of Florida and is the first fellow of the American College of Healthcare Executives in the Bahamas. He recently retired after 37 years as president of Doctors Hospital Health System, where he continues to serve as an adviser. He is a lifetime member of the American Hospital Association and has served on several boards, including the Quality Council of the Bahamas, Health Education Council, and Employer's Confederation.

A Rotarian since 1980, Rassin has served Rotary as director and is vice chair of The Rotary Foundation Board of Trustees. He was an RI training leader and the aide to 2015-16 RI President K.R. Ravindran.

Rassin received Rotary's highest honor, the Service Above Self Award, as well as other humanitarian awards for his work leading Rotary's relief efforts in Haiti after the 2010 earthquake there. He and his wife, Esther, are Major Donors and Benefactors of The Rotary Foundation.

Mich, as she is fondly called, is a graduate of AB Masscom at the Far Eastern University. After graduation, she got married young and went into sales. ## **Meet RID 3820 Governor RY 2018-2019 DG Jose "Boy" Garcia**

Our District Governor, Boy as he is fondly called is from the Rotary Club of Downtown Batangas City. He joined Rotary in June 1993 and became the Club President in RY 1996-1997. He has occupied various positions in the District and has received various awards for his exemplary performance and for embodying the Rotary's motto Service Above Self.

During his term as President of their Club, he spearheaded giving Scholarship Program to those poor but deserving students because he believes that education is one solution to poverty. That is why, included in his legacy project as District Governor is the granting of Scholarship Program in all the clubs of district of 3820.

This year's theme "Be the Inspiration" is very well fitting for this man for he is always inspired and because of this inspiration to serve made him to become the District Governor. We can also say that dealing with people is of no effort with him, because of his sense of humor.

Gov. Boy studied Mechanical Engineering at the Batangas State University and at present occupies a position as Vice President for Business Development in a construction company. He is also a Director at the Batangan Bayview Hotel and Restaurant. Prior to this, he has worked abroad at Rabigh Refinery in Saudi Arabia and in a local chemical plant.

We can confidently say that behind a successful LEADER is a supportive and loving family. We can call it a big blessing and this is certainly the case of our dear Inspiring District Governor.

Gov. Boy's wife, Glacy Escalona Garcia, is also a member of Rotary Club of Downtown Batangas City. She is a CPA and is working as a Chief Finance officer and Administrator of United Coconut Chemicals, Inc. and subsidiary companies. They have 2 sons, the eldest Zandro Jose is a lawyer and is working as an Associate at Puyat, Jacinto Santos Law Firm. The youngest, Gabriel Jose is a graduate of BS Information Technology and works as a Systems Manager at DXC Technology (formerly Hewlett Packard).
