INVOCATION

As we gather here today as members of Rotary, we pray that we are ever mindful of opportunities to render our service to fellow citizens and to our community. Keeping in mind always the enduring values of life, exerting our efforts in those areas and on those things upon which future generations can build with confidence. Let us continue to strive to make a better world. Amen

OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- **FIRST:** The development of acquaintance as an opportunity for service;
- **SECOND:** High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- **THIRD:** The application of the ideal of service in each Rotarian's personal, business, and community life;
- **FOURTH:** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

The 4-Way Test

of things we do and say:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

♪♪*Sweet Rotary♪♪ (The Centro Hymn)

When it began
I can't believe it happened
But then I know it's going strong
2001
That's when it came to being
Who'd have believed
we'll grow to be...

*Hands, touching hands
*Reaching out, touching me,
*touching you
*Sweet Rotary
*Sta. Rosa Centro's good
*I've been inclined
*To believe we're going strong
*And now, I...

Look all around
So many help is needed
C'mon, together I know we could
And when we hurt,
We can just smile and bear it
'Coz we were born
to serve and be...

Warm, touching warm
Reaching out, touching me,
touching you
*Sweet Rotary
*Sta. Rosa Centro's good
*We're going strong
*We are here for all of you
And now, I...
(Repeat *)

RC Centro's GREAT!

“Transformational leaders don't start by denying the world around them. Instead, they describe a future they'd like to create instead.”

Seth Godin

President's Message

Good day Centronians!

Welcome to Rotary Year 2020-21 with the theme "Rotary Opens Opportunities". This is indeed a challenging year term due to the COVID-19 pandemic that affected not only worldwide economy, our health as well. Big challenge for us rotarians wherein our planned projects was put on hold and will give priority to programs/projects related to COVID-19 with consideration to the 7 Area of Focus Safety precautions should be practiced for other projects implementation, specifically that needs close contact due to the social distancing rule.

Also, fellowship- an integral part of our organization was diverted to virtual meetings. Virtual meetings became the new norm. Kudos to PP Maya, our Special Events chair who introduced to the club virtual event planning. Making our CTAC a successful and fun event. It was made possible thru the lending hand of fellow Centronians. This new norm opened opportunities for us to serve our community in a peculiar way. It made us to be more creative on ways to be of service.

Yours in Rotary,

A handwritten signature in blue ink, appearing to read "Belinda Barroga". The signature is fluid and cursive.

BELINDA CLOTILDE M. BARROGA
Transforming President
RY 2020-2021

EDITORIAL

New Rotary Year— New Normal

A new rotary year, a new President, a new set of officers, a new set of goals, and most likely , it is not a year of rehashes.

The Rotary Club of Sta. Rosa Centro's turnover and awarding ceremony was held recently under the new normal, i.e. virtually. I, as outgoing President and Transforming President Belinda Barroga as incoming President. The preparations were very much different from the prior years as we had to prepare AVP's for our speeches and our turnover of bell and gavel. The physical awards were sent out a day after the announcement has been made. No real time there. As I breath a sigh of relief as my term has passed, I know that incoming president Bel has a lot on her mind. The minutest details need to be planned and presented... differently. Though everything may not be on point, the club tries to plan as much activities as it can to address the situation we are now in.

One thing is true though – we don't need to stress ourselves when we need to do something differently. Though we truly wished that this pandemic would end but even if it does, we know for sure that we can never go back to the normal that we know.

One of the most important things to do now is to accept that a new reality should come with a different level of expectations. It may take longer even harder to implement projects , but the value does not change a single bit. It is still service as we know it.

By: IPP Cecile Gabatan

ROTARY INTERNATIONAL
News & Updates

Holger Knaack
Rotary International
President 2020-21

President's Message

This does not seem like a time for great optimism, but it has to be. Long before Rotary was founded, the world dealt with great crises that tested humankind's ability to progress and endure. In the age of Rotary, the world has faced many more catastrophes; however, we have survived, and every step of the way, Rotary has helped the world heal.

Every great challenge is an opportunity for renewal and growth. I revealed the theme of Rotary Opens Opportunities at the International Assembly in San Diego just as the COVID-19 crisis was beginning, but these are words that I have believed for many years.

Rotary is not just a club that you join; it is an invitation to endless opportunities. We believe in creating opportunities for others and for ourselves. We believe that our acts of service, large and small, generate opportunities for people who need our help, and that Rotary opens opportunities for us to live a richer, more meaningful life, with friends around the world, based on our core values.

Governments and institutions are gaining a greater appreciation for the types of public health partnerships that are critical to our work. People stuck at home, eager for greater connections and hungry to help their communities, are now embracing the values we have promoted since our beginning.

Rotary

**ROTARY INTERNATIONAL**
News & Updates

All of this is positive news, but just because there are greater opportunities than ever for Rotary to thrive does not guarantee that we will succeed. The world is changing rapidly — and was doing so even before this crisis. People were starting to move away from regular lunch meetings and toward online gatherings. Friendships were being cultivated and revived in social media relationships even before most of our meetings moved to Zoom and Skype. Younger generations have a strong desire to serve — but have questioned whether they could play a meaningful role in organizations like Rotary or whether they might make a bigger impact forming different types of connections. Now is the time to put everything on the table, test new approaches, and prepare Rotary for the future.

The COVID-19 crisis has forced all of us to adapt. This is good, and our new Action Plan specifically calls on us to improve our ability to adapt. But adaptation is not enough. We need to change, and change dramatically, if we are to face the challenges of this new age and provide the Rotary the world so desperately needs.

This is our great challenge, not just in the next year but into the foreseeable future. It is up to us to remake Rotary for these new times — to wholeheartedly embrace the ideas, energy, and commitment of young people eager to find an outlet for idealism. We must become an organization fully enmeshed in the digital age, not one that simply looks for online ways to keep doing what we have always done.

The world needs Rotary now more than ever. It is up to us to make sure that Rotary Opens Opportunities for generations to come.

ROTARY INTERNATIONAL
News & Updates

3 principles we use to beat the pandemic

By Joe Otin, governor of Rotary District 9212

If ever in our lifetime there was a defining moment of earth-shattering proportions – this is it. The generation before us lived through World War II which universally altered the course of our destiny. From time immemorial our predecessors have faced seismic economic collapses, devastating armed conflict, climatic catastrophes, and other traumatic incidences that have led to desperation, death and destruction.

These developments in turn have forced us to remodel personal behavior, restructure established institutions, and generally change our way of life.

The attack on humanity by the coronavirus is monumental. From the initial outbreak in China to today, the world has been jolted into action because the initial strides taken by governments to stop the spread of COVID-19 across the globe fell short, as the statistics have come to show. Here in East Africa, our governments took unprecedented action, closing borders, grounding national carriers, and suspending public meetings with the intention to halt its advance.

What distinguishes defining moments in our history is not the nature of the crisis, but rather the quality of the decisions that we make. In the wake of the drastic measures taken by our political leaders to address the outbreak we, as Rotary, have had our own decisions to make. These decisions are guided by three simple principles.

The first one is that individual action has the greatest bearing on the disease, and this includes personal hygiene, social distancing, and other guidelines outlined by the World Health Organization. We must all take individual responsibility to stop the spread of coronavirus.

ROTARY INTERNATIONAL News & Updates

The second is to support the government in its initiatives to flatten the curve as indeed it is the concerted effort by the private sector, public institutions, development organizations, and society as a whole that will stop this threat.

Thirdly, it is in sharing messages of hope and reminding people that together we will prevail, and that the disruption in our lives is not only momentary but it is also a crucial part of continuity.

In District 9212, we have canceled our district conference and instructed all Rotarians to suspend physical meetings. Without missing a beat, they have adopted wholeheartedly to virtual meetings on popular video conferencing platforms. The executive committee has set up a response team to support national administrations in Kenya, Ethiopia, and South Sudan, and past governor Dr. Geeta Manek has raised more than \$20,000 in Kenya and Ethiopia.

The embodiment of Rotary clubs and their ultimate purpose is to embrace and support communities in need, and thus the world needs Rotary more now than ever before. Never in our lifetime has humanity been better equipped to crush a threat to our wellbeing of these dimensions. We have the technology to track it, the science to beat it, the media to coordinate our united action, and the heart to fight back.

It is through our determination and commitment that we give hope and healing to the world.

Keep up with what Rotary is doing on Facebook and Twitter at #RotaryResponds.

About the author: Joe Otin is the 2019-20 Governor of Rotary District 9212, and the Rotary International Representative to UN Environment. He is also the CEO of The Collective, a digital advertising agency, the chairman of the Advertising Standards Board of Kenya, and a board member of WWF-Kenya.

Centro-In-Focus

Centro joins Brigada Eskwela under the New Normal

This year's Brigada Eskwela is entirely different as compared to prior years. Brigada Eskwela deviated from the traditional concept of physical cleaning, painting, repainting, and doing minor repairs in schools and instead prioritized preparations and strengthening partnership engagement to ensure that quality basic education will continue despite the challenges posed by COVID-19.

When DepED announced the start of enrollment on June 1 and start of classes on August 24, faculty and staff of Puting Kahoy Elementary School is problematic on how they will reproduce the modules for their 600 elementary students- $600 \text{ pupils} \times 8 \text{ modules} \times 24 \text{ pages per module} \times 5 \text{ days a week}$, that is a whopping half a million sheets they have to reproduce per week (assuming that the students choose modular learning instead of online classes).

This is when they tapped the assistance of the Rotary Club of Sta Rosa Centro for assistance. The club heeded their call and provided them with one photocopier to assist them with reproducing the modules.

Centro In-Focus

Handwashing Facility for Science and Technology High School

Hand hygiene at school and within our communities plays an essential role in helping to reduce the spread of infectious diseases.

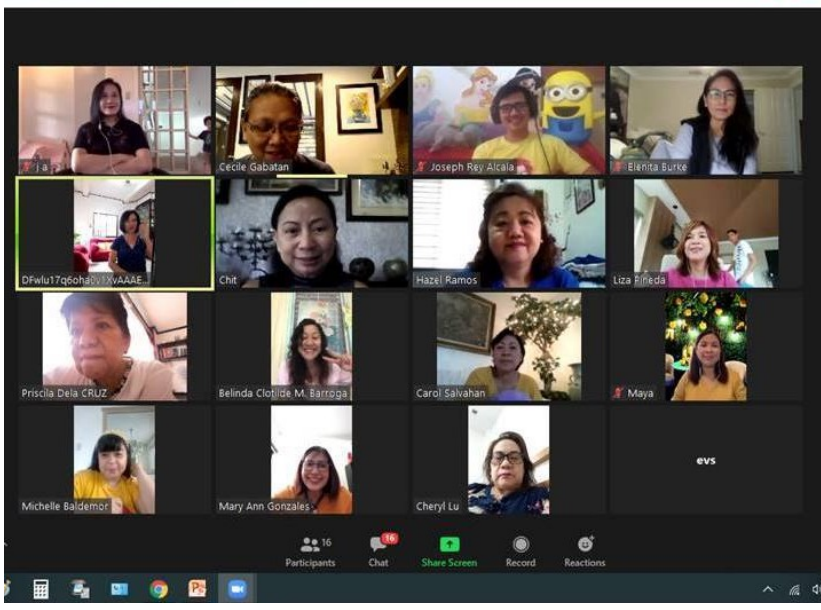

The WASH in Schools initiative of Rotary International was created to motivate Rotary clubs to develop sustainable water, sanitation, hygiene (collectively referred to as WASH) and the Rotary Club of Sta Rosa Centro heeded this call. And so a hand washing facility was made at Santa Rosa Science and Technology High School, home of RC Sta Rosa Centro's Interact Club. There may be no face-to-face classes at this time but this facility will definitely be an asset come January.

Centro In-Focus

VIRTUAL CLUB ASSEMBLY
May 15, 2020

Planning for the projects for Rotary Year 2020-2021 must go on despite the pandemic. And so Incoming President Bel Barroga organized the club assembly to discussed her plan of approach for a different kind of rotary year.

- ◆ Certificate of Recognition for its unwavering contribution in helping the victims of Typhoon Tisoy, Taal Eruption and COVID-19 Pandemic
- ◆ Certificate of Recognition for TRF Contributions

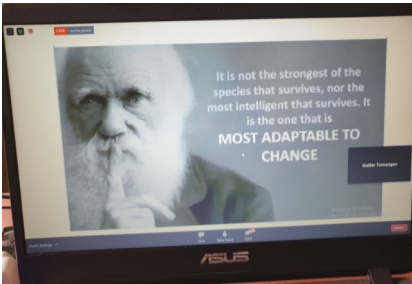

District 3820
Rotary

**RI District 3820
News & Updates**

Virtual District Training Assembly June 27, 2020 - "District 3820 - District Training Assembly: Transforming Rotary Clubs to the New Normal"

The District Training Assembly is a very important meeting designed to educate, train and motivate the club's leadership team. Committee Chairs and other interested members from the Club were encouraged to attend. Attendance to the DTA by the club's leadership team will help to get the year started on a solid footing and will help ensure a successful, fulfilling Rotary experience.

WHY THE ROTARY YEAR BEGINS 1 JULY

Ever wonder why the Rotary year begins 1 July? The international convention initially played a key role in determining the start date of our fiscal and administrative year.

Rotary's first fiscal year began the day after the first convention ended, on 18 August 1910. The 1911-12 fiscal year also related to the convention, beginning with the first day of the 1911 convention on 21 August.

At its August 1912 meeting, the Board of Directors ordered an audit of the International Association of Rotary Clubs' finances. The auditors recommended that the organization end its fiscal year on 30 June to give the secretary and treasurer time to prepare a financial statement for the convention and board, and determine the proper number of club delegates to the convention. The executive committee concurred, and at its April 1913 meeting, designated 30 June as the end of the fiscal year.

Rotary's first fiscal year began the day after the first convention ended. The convention of the Rotary Clubs of America was held in Rotary's birthplace, Chicago, in 1910.

Reflections

We are here on earth and we are here to stay during our respectively allotted periods. How much of happiness and how much of misery

shall be our share remains with us almost entirely to determine. If we possess a modicum of reason, it will be apparent to us that it is the part of wisdom to cheerfully make the best of the situation and to harmonize our own lives with nature's inexorable laws. We are entitled to the maximum of happiness; and may we be sane enough to observe that the route to a life full of happiness does not lie in intemperate indulgence..-

The Distance Self" by Paul P Harris

"Friendship...the craving for which brought Rotary into existence is the thing that will keep Rotary a living, vital force in the world for all time, the very foundation of our organization."

*— Address to 1920 Rotary Convention,
Atlantic City, New Jersey, USA*

Birthdays for the month of July

Wednesday, July 1

Happy Birthday!! Hazel Ramos

Saturday, July 4

Happy Birthday!! Carol Salvahan

Friday, July 31

Happy Birthday!! Mayor Arlene Arcillas

FOR YOUR INFORMATION

The COVID-19 virus is transmissible via droplets, which are expelled when an infected person coughs or sneezes. It can also be transmitted when a person comes into contact with an infected surface. The lifespan of the virus varies on the kind of surface, but it typically last for a few hours to 5 days. Currently, there is no information which states the virus is airborne, unlike chicken pox.

How to protect your worksite?

Personal Protection and Hygiene

- Thoroughly wash hands with soap and water for 20 seconds
- Use alcohol-based hand sanitizers (atleast 60% ethanol or isopropanol)
- Cough and sneeze into shirt or sleeve, if tissue is not available
- Avoid touching the face (i.e. nose, mouth and eyes)

Note: The use of face masks is only recommended for those who are sick, caring for the sick, and health care professionals

Social Distancing Measures

- If possible, maintain a distance of 1 meter from other people
- Offer telecommuting (e.g. Skype, Viber) instead of in-person meetings
- Postpone mass gatherings until further notice
- Avoid shaking hands with clients or colleagues
- Avoid people with flu-like symptoms

Environmental Measures

- Clean frequently touched surfaces and objects (e.g. doorknobs, tables, handles, phones, laptops)
- Sanitize comfort rooms
- Maintain the cleanliness of public spaces
- Provide alcohol-based dispensers in public areas

Management of Symptomatics

- An employee exhibiting symptoms (i.e. fever, coughing and sneezing) should be provided a face mask
- He/she should then be isolated and seek appropriate medical care
- Safety officers should be responsible for reporting symptomatic/asymptomatic cases
- The work area should be properly decontaminated

Lockdown Options of Offices/ Project Sites

- Any decision should be upon coordination with DOLE, and DOH including duly authorized representative of client or building administration.
