INVOCATION

Loving heavenly Father, We come to you this hour asking for your blessing and help as we are gathered together. We pray for guidance in the matters at hand and ask that you would clearly show us how to conduct our work with a spirit of joy and enthusiasm. Give us the desire to find ways to excel in our work. Lord, as we plan and share together now, may you guide us by your Holy Spirit and lead us into all truth. Lord, as we go into this meeting, we place ourselves before You, for You are filled with the beauty and light and care deeply about us. ... May Your Spirit guide us. May Your grace abound in us. Amen

OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- **FIRST:** The development of acquaintance as an opportunity for service;
- **SECOND:** High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- **THIRD:** The application of the ideal of service in each Rotarian's personal, business, and community life;
- **FOURTH:** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

The 4-Way Test

of things we do and say:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

Fellowship Meetings

Technically, fellowship means a “friendly association, especially with people who share one's interests”. Though this definition applies in rotary, fellowship meetings with rotary is a friendly association and a lot more. It is highly anticipated as it usually a camaraderie meet, a teambuilding as you would term it in the corporate world.

Probably, one of the greatest wish of a rotary president is to have a club that works well together. Camaraderie doesn't mean that all members are best friends and socialize on weekends or every free time they get . Instead, the idea is to build a level of trust, respect, and affection that enables easy and productive relationships.

The camaraderie that a rotary president would applaud is not the idealistic type that everyone likes everyone. Instead, this camaraderie wish is the willingness to communicate effectively, question authority, effectively solve problems, negotiate conflict, assist one another, and work together effectively and efficiently.

Truly, a club cannot produce good results without a sense of camaraderie. But however way we put it, this is a difficult task not just for the president but to all the club members. Hopefully, the fellowship meetings will do wonders to make this difficult task a possibility.

African region declared free of wild poliovirus

Rotary and its GPEI partners celebrate a monumental achievement, say global eradication of wild polio is possible with the continued dedication and persistence of Rotarians

The World Health Organization (WHO) on 25 August announced that transmission of the wild poliovirus has officially been stopped in all 47 countries of its African region. This is a historic and vital step toward global eradication of polio, which is Rotary’s top priority.

After decades of hard won gains in the region, Rotary and its partners in the [Global Polio Eradication Initiative \(GPEI\)](#) — WHO, U.S. Centers for Disease Control and Prevention, UNICEF, the Bill & Melinda Gates Foundation, and Gavi, the vaccine alliance — are proclaiming the milestone an achievement in public health. They offer it as proof that strong commitment, coordination, and perseverance can rid the world of polio.

The certification that the African region is free of wild poliovirus comes after the independent Africa Regional Certification Commission (ARCC) conducted thorough field verifications that confirmed no new cases and analyzed documentation of polio surveillance, immunization, and laboratory capacity by Cameroon, Central African Republic, Nigeria, and South Sudan. The commission had already accepted the documentation of the other 43 countries in the region.

The last cases of polio caused by the wild virus in the African region were recorded in Nigeria’s northern state of Borno in August 2016, after two years with no cases. Conflict, along with challenges in reaching mobile populations, had

hampered efforts to immunize children there.

Holger Knaack
Rotary International
President 2020-21

Rotary youth exchange — one of the many programs for youths and young adults that we celebrate this month — was my path into true engagement in Rotary. My wife, Susanne, and I began hosting exchange students soon after I joined, and the experience helped me go from simply being a member of my Rotary club to being a true Rotarian. Now Rotary Youth Exchange is a family tradition, and a strong one: Over the past 24 years, we have hosted 43 students!

From the start, we loved it so much that, in addition to hosting students in our home, we became involved with the program by helping to organize student summer camps. During one such camp, I met Christine Lichtin, who was a German high school student at the time and whose father is a past president of my Rotary club. To try something new during this year of embracing change, I am turning this space, normally reserved for the president of Rotary, over to Christine so she can share her story.

My first contact with Rotaract was about 13 years ago, when I was with Susanne and Holger at a barbecue for the summer youth camp. Holger turned to me and said: "Why don't you visit a Rotaract club? You'll meet a lot of great young people who come together to have fun and to make a difference."

A few years later, when I was at Trier University, his words came back to me and I decided to give it a try. That was more than eight years ago, and I'm still at it. Once you are in Rotaract, you just don't want to get out. Rotaract has accompanied me everywhere, starting with the Trier club and then on to a club in Bologna, Italy, during the year I studied there. When I was in Kiel for my master's degree, I got involved with Rotaract there before landing at the Rotaract Club of Hamburg-Alstertal as I began my career. Each of those clubs has its own identity and focus, but all have the same intrinsic motivation.

ROTARY INTERNATIONAL
News & Updates

rotary
youth
exchange

I am now taking on a senior advisory role in my Rotaract club, which I really enjoy. I carry Rotaract in my heart, and it shapes my values, even as my interests evolve. One day, as if she had sensed this evolution, Susanne knocked on my door, wanting to introduce me to a young, modern Rotary club located between

Hamburg and Mölln, my hometown. The E-Club of Hamburg-Connect, which Susanne helped charter, holds e-meetings, all of them very relaxed and personal. With members of different ages, everything just seemed to fit, so I thought, why not try it out? After all, time is precious and should be filled with fun whenever possible; the rest happens by itself.

Now I am in both worlds — a proud member of Rotaract and a Rotarian. And my small personal goal is to build a bridge between these two parallel worlds. All of us have very similar reasons for being part of the Rotary family.

It took some persistence to persuade Christine to become a member of Rotary, but it was well worth the effort. It is our duty to put in this kind of effort with youth program participants and Rotaractors so we can keep them in the family of Rotary. I hope you were inspired by her story. It's up to each of us to ensure that more young people like Christine can experience the many ways Rotary Opens Opportunities for us and for the people we serve.

For many of us, the Rotary family is an important part of our lives. The pandemic should not mean we have to give up on regular fellowship opportunities. We just have to be more imaginative on the activities we have to do.

So the club did a "Pajama Party" for PP Precy dela Cruz who's birthday falls within the month of August. Club members don their pajamas and prepared short video messages for the celebrant.

ROTARY HISTORY

Rotary's two official mottoes

Service Above Self and One Profits Most Who Serves Best, Rotary's official mottoes, can be traced back to the early days of the organization.

In 1911, the second Rotary convention, in Portland, Oregon, USA, approved **He Profits Most Who Serves Best** as the Rotary motto. The wording was adapted from a speech that Rotarian Arthur Frederick Sheldon delivered to the first convention, held in Chicago the previous year. Sheldon declared that "only the science of right conduct toward others pays. Business is the science of human services. He profits most who serves his fellows best."

The Portland gathering also inspired the motto **Service Above Self**. During an outing on the Columbia River, Ben Collins, president of the Rotary Club of Minneapolis, Minnesota, USA, talked with Seattle Rotarian J.E. Pinkham about the proper way to organize a Rotary club, offering the principle his club had adopted: **Service, Not Self**. Pinkham invited Rotary founder Paul Harris, who also was on the trip, to join their conversation. Harris asked Collins to address the convention, and the phrase **Service, Not Self** was met with great enthusiasm.

At the 1950 Rotary International Convention in Detroit, Michigan, USA, two slogans were formally approved as the official mottoes of Rotary: **He Profits Most Who Serves Best** and **Service Above Self**. The 1989 Council on Legislation established **Service Above Self** as the principal motto of Rotary because it best conveys the philosophy of unselfish volunteer service. **He Profits Most Who Serves Best** was modified to **They Profit Most Who Serve Best** in 2004 and to its current wording, **One Profits Most Who Serves Best**, in 2010.

A name badge from the 1928 Rotary International Convention features Rotary's mottoes.

**ROTARY CORNER****THE OFFICIAL ROTARY FLAG**

An official flag was formally adopted by Rotary International at the 1929 Convention in Dallas, Texas. The Rotary flag consists of a white field with the official wheel emblem emblazoned in gold in the center of the field. The four depressed spaces on the rim of the Rotary wheel are colored royal blue. The words "Rotary" and "International" printed at the top and bottom depressions on the wheel rim are also gold. The shaft in the hub and the key way of the wheel are white.

The first official Rotary flag reportedly was flown in Kansas City Missouri, in January 1915. In 1922 a small Rotary flag was carried over the South Pole by Admiral Richard Byrd, a member of the Winchester, Virginia Rotary Club. Four years later, the admiral carried a Rotary flag in his expedition to the North Pole.

Some Rotary clubs use the official Rotary flag as a banner at club meetings. In these instances it is appropriate to print the words "Rotary Club" above the wheel symbol, and the name of the city, state or nation below the emblem.

An official flag was formally adopted by Rotary International at the 1929 Convention

The Rotary flag is always prominently displayed at the World Headquarters as well as at all conventions and official events of Rotary International.

Reflections

"One Cannot Achieve the Pinnacles of Service unless one experiences the Miracles of Friendship."

Paul P Harris

"Our success or failure will not depend upon the machinery of Rotary or its physical growth, but upon the extent to which Rotary's ideals or objectives are translated into positive, tangible results in personal, business, community, and international life. We shall be known by our works." — The Second Quarter Century, THE ROTARIAN, July 1930

**FOR YOUR
INFORMATION****Why didn't people smile in old photos?**

Most people didn't smile in old pictures due to long exposure time and because they considered portrait photography as a formal once-in-a-lifetime event.

Contrary to popular belief, it's NOT because old folks from the 19th century were hiding ugly teeth. Nor is it because they lacked sense of humor.

Initially, people took photos using an early photographic process called daguerreotype. It's long exposure time (reaching up to 15 minutes or so) made it impossible for someone to even hold a smile.
